- ☒ Practical ravel expenses
- ☒ Integrated system audit
- ☒ Value-added auditing

ISO is the most widely used 'Management Systems Standard' in the world and is primarily concerned with 'Management' issues.

As a 'generic management standard' it can be applied to any size or type of organization. There are two main reasons why companies choose to become management certification.

Firstly, to gain a 'competitive advantage' over their rivals, and secondly, to enhance 'credibility' with their:
Customers / Staff / Suppliers

Why do I need ISO

Most companies choose to achieve ISO Certification for 'key business benefits', which include: increased sales & profits enhanced customer & supplier satisfaction lower costs & wastage lower insurance & litigation costs competitive advantage over rivals meeting 'invitations to tender' & 'supply chain' requirements.

If you want your business to take advantage of these benefits and gain competitive edge over rivals, then ISO certification is right for you.

How long will it take

GCERTI Co., Ltd. has revolutionized the ISO management Certification process by successfully applying the 'Keep it Simple' approach. There are just '3 Simple Steps' to gain ISO certificate very quickly

Step 1: Assessment (Stage1, Stage2)

One of our qualified GCERTI Assessors will visit your company and fully explain the Audit 'Certification made simple' process.

GCERTI Assessor will only inspect those activities that 'directly' affect the 'ISO Management System' and where required, a programme is developed to resolve any areas of 'Non-Compliance'.

Step 2: Verification

G-CERTI Co., Ltd. shall provide The Franchise with its decision or comments regarding the eligibility of each G-CERTI Co., Ltd. Client for Certification in writing after receiving the audit report regarding that client.

Step 3: Certification Issue

After review audit reports, we issue the certificate immediately through GCERTI intra-net.

1) Quality is Our Commitment

Most Certification Bodies burden companies with unnecessary red tape, bureaucracy and disruption.

Our approach is different. Our 'ISO Blueprint' service ensures you gain ISO Certification by ensuring the ISO management standard is made to 'fit your company'. And not the other way round.

This means that we can easily:

- reduce the time taken for your certification
- reduce your certification fees
- cut your management time
- minimize the cost of maintaining your certification
- remove red tape, bureaucracy and disruption

Our unique 'one-stop-shop' service ensures your business has :
no need to employ expensive 'external consultants'

2) Credibility is Our Reputation

GCERTI is fully accredited and in good standing with all of the agencies. The fact GCERTI has achieved and maintained certification from ACCREIDA means that our practices have satisfied the strict definition of quality established by the most exacting experts in the system fields. There is no better promise of quality to offer to our customers.

3) Service is Our Strength

At GCERTI, our target is to provide the highest quality of service at the lowest price. In many cases we are able to save our clients the cost of expenses by having auditors located close to customers' sites. Our staffs, and full-time and subcontracted auditors, gives us the best of both worlds. Full-time auditors help to provide consistency in auditing practices, while the subcontract auditor pool increases GCERTI's breadth of industry experience and client proximity, helping clients to save on expenses. GCERTI is a further measure of our strong commitment to service. Our services are available to answer questions, solve the problems, send informational updates, and generally serve as a quick point of contact between our customers.
